

ROQUETTE & CAZES 2006

The Project	In 2002, the Roquette family from Quinta do Crasto (Douro) and the Cazes family from Château Lynch-Bages (Bordeaux) became partners to exchange knowledge and experience. The aim of the project has always been to produce great wines using French winemaking techniques in the privileged terroir of the Douro Valley. This new ROQUETTE & CAZES 2006 has taken the teachings of its elder brother XISTO – ROQUETTE & CAZES, the first wine of this venture. It is equally elegant, fine and with an intense finish. It has, however, a more extended bottle ageing period in order to be ready to drink when released.
Grape Varieties	60% Touriga Nacional, 15% Touriga Franca and 25% Tinta Roriz.
Vine Age	25 years
Soil Type	Schist
Appellation	Douro DOC
Year	2006
Alcohol	15%
Grape Growing and Winemaking	The grapes come from two vineyards located in different parts of the Douro Valley: the Cima Corgo and the Douro Superior. Grapes varieties are planted separately. Harvest occurred at an optimal stage of maturity. Grapes were carried into Quinta do Crasto's winery in 25 kg boxes. After a rigorous selection, stalks were removed and grapes were crushed and transferred into stainless steel conic shaped vats. Then, a long maceration period took place using "delestage", an alternative French technique to the classic pumping over method.
Ageing	18 months in French oak barrels (70% new, 30% one year of use) 18 months in bottle (in a temperature controlled warehouse)
Bottling	26,730 bottles (0.75 litres) 859 magnum (1.5 litres) 59 double-magnum (3.0 litres)
Tasting Notes	Colour: deep ruby-red with narrow rim. Nose: clean notes of fresh wild fruits, with a soft toasty hint, evoking cocoa. Palate: great volume and soft round tannins. Wild red fruits. Great finish with length and complexity.
Serving Suggestions	This wine was aged in the bottle, so it may throw a light deposit. Decant and serve at 16 °C. It's a good match for savoury meat and game dishes, as well as elaborate Italian food. The wine is ready to drink.
